TECHNICAL SKILLS

AWS (EC2/S3/IAM/VPC)

Firebase / GCP

JavaScript / HTML / CSS

Python

Linux Fundamentals

Git & GitHub

Power BI

AI Tools & Automation

LANGUAGES

Bengali

English

CERTIFICATIONS

- AWS Cloud Fundamentals
- Cyber Security
- Python Programming
- Web Dev — Front-End
- Google Analytics (GA4)
- Power BI Data Modelling
- AI Framework
- Digital Marketing
- Computer Networks

INTERESTS

- Cloud Architecture
- AI Automation
- DevOps
- Entrepreneurship

PROFILE

Founder of NexCloud AI, a cloud infrastructure and AI automation company, with hands-on experience in AWS cloud architecture (EC2, S3, IAM, VPC) and a growing focus on DevOps automation. Combines an entrepreneurial track record of building client-facing products end-to-end with practical cloud engineering skills. Currently deepening expertise through OTHM Level 5 Extended Diploma (UK).

WORK EXPERIENCE

Founder & CEO — NexCloud AI

2024 – Present

Cloud Infrastructure & AI Automation • Dhaka, Bangladesh

- Founded and lead NexCloud AI delivering cloud infrastructure, AI automation and consulting.
- Built full client-facing platform: Firebase website, consultation funnel, admin dashboard, and authenticated self-service portal with email verification and password recovery.
- Architected backend on Google Firebase (Firestore + Auth) with role-based security rules.
- Manage end-to-end client engagement across AWS infrastructure and AI consulting.

AWS Cloud Specialist — Independent / Client Projects

2024 – 2025

- Deployed and managed scalable AWS infrastructure: EC2, S3, IAM policies, custom VPC setups.
- Applied cloud security fundamentals — least-privilege IAM roles and network segmentation.
- Automation-first infrastructure design to reduce manual operational overhead.

Web & Backend Developer — Personal & Client Projects

2023 – 2025

- Built full-stack web apps including a Bengali rental property management system.
- Implemented Firebase Auth flows and Firestore data modeling for real-time multi-user apps.
- Full delivery cycle: requirements, UI/UX, development, testing, deployment (GitHub/Netlify).

EDUCATION

OTHM Level 5 Extended Diploma — IT Management

2026 – Present

OTHM Qualifications (UK Awarding Body)

Diploma in Engineering — Computer Science

2021 – 2025

Model Institute of Science & Technology, Gazipur • CGPA: 3.20 / 4.00

Secondary School Certificate (SSC)

2020 – 2021

Rafiq Raju Cadet School • Science Group • GPA: 4.50 / 5.00
